SUMMER

TIME FLIES WHEN

Life's a beach!

During the school year it seems like an eternity before summer will return. All the memories of the past vacation come to mind: Blue skies, rolling waves, sandy beaches, and TAN BODIES!

But to some of our Seniors it was their last "free" summer, with future plans and goals taking the place of all the fun. But look on the bright side . . . ??

In the word of a famous song: "Summer it turns me upside down. Well-Well Summer, it's like a merry-go-round!"

FRIENDS

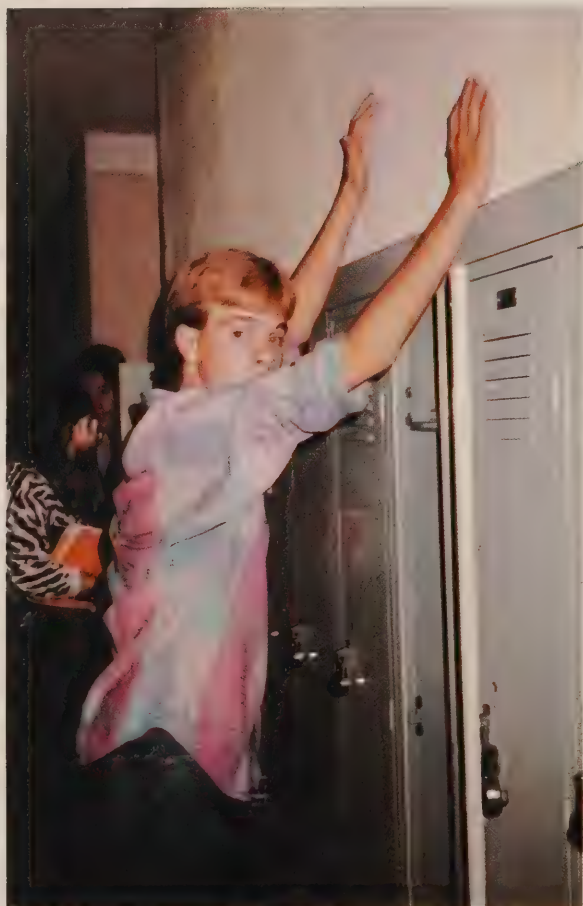

As you walk down the halls of John S. Battle you hear shrills of laughter, bits of gossip, and an occasional whisper. All of which are shared by the closest of friends. What would it be like if we did not have close friends to share secrets with or to pass on a great joke? Whether you are with your friends at a sports event or out on the weekend, nothing is better than sharing your thoughts with a friend and adding a little happiness to a tough, and sometimes never-ending, day at school.

1986-87 PHOENIX DEDICATION

In 1981 Mr. David Crockett, a graduate of Grundy High School and the College of William and Mary, began teaching and coaching football here at John S. Battle. For the past six years, Mr. Crockett has guided young men and women in the classroom, as well as on the playing field. He has done a tremendous job of keeping their dreams and spirits alive! Coach is a great leader and one who cares a great deal about each individual. He prepares his players not only on the field but also for the "rough" world ahead. It is a common site after a ballgame to see Coach Crockett hug one of his players and say, "I Love You!" Mr. Crockett is indeed a very special person; so with a great amount of appreciation and love, we wish to have the 1986-87 Phoenix dedicated to this most honored member of the faculty.

"Coach Crockett not only teaches on the football field and in the classroom, but, moreover, for life." Senior Bill Hall

"Coach is the best! He is like a father and I really love him." Senior Phillip Sprinkle.

"Any problem you have, go to Coach" Freshman Barry Puckett

"A true friend" Junior Steve Owens

"The greatest" Junior Kristin Siegfried

"A man of class" senior Brad Montgomery

The John S. Battle Drama Club of 1986-87 consisted of eighteen members. The club sponsors a play every spring and invites the whole student body to come try-out. The club also offers the chance for several upcoming seniors to take a trip to New York City. While there, they view and discuss plays and the theater.

The Drama Club is a very interesting organization. The members have a great time and would like to invite you to join them.

"We are looking forward to a great play and hope everyone can attend."

The Art Club consisted mainly of eighth and ninth grade students. To inform these members on art techniques and different dimensions in art, Mrs. Denton, the sponsor, invited numerous speakers, some of which included a coordinator from the William King Art Center and a lecturer from a craft shop. During the Christmas season, the Art Club sponsored a child at the orphanage and the members brought in presents for the child. At the end of the year, the club sponsored an Art Show. Members of the club have participated in the P.T.S.A. contest, the 9th District Congressional Art Contest, and the Drinking and Driving poster contest.

The B-Club is otherwise known as the Lettermen's Club. Its main goal is to raise money for necessary athletic facilities.

Their fundraiser (working concession stands at Basketball games) contributed to the purchase of a new ice box located in the basketball room. Let's hope Bill and "the gang" didn't use the money to go pig-out on PIZZA!

Officers: Back Row: Chris Littleford, Vice-President; Kevin Clarke, Sergeant-at-arms; Brad Montgomery, Secretary/Treasurer; and Bill Hall, President. Front: Kim Waldron, Reporter.

The B.S.B. changed its requirements during the 1986-87 year by offering membership only to those students who were active in sports. In spite of the reduced number of members, BSB continued to function as in the years past. As a fund raiser, they sponsored a Santa Pal. Throughout the entire year, the club decorated the lockers for the Trojan athletes. This year's B.S.B. Club continued to promote school spirit and rally all of our Trojan Teams to a hopeful victory.

"Although the club is alot smaller than it was last year, we are still giving support to ALL athletic events."

This year, the Bible Club raised money through bake sales and other activities. With part of the money that was raised, they made fruit baskets and visited an area nursing home. The members spread cheer to all of the residents of the home. President Vickie Hand said, "We did this last year also and it was very worthwhile. I think we will continue it. It really meant a lot to the people we visited and to us."

"I think this year's Bible Club has an excellent chance of excelling as never before. We have a lot of new members and everyone seems very enthusiastic."

Mr. Gene Grindstaff's DECA club consists of forty-six members who are all involved in numerous projects. Some of these include attending conventions, sponsoring spring and fall rallies, and hosting picnics. They also hold an annual ENE Banquet for employers and employees, and a DECA luncheon for all the club members. Many students participate in contests. The main categories which are entered include Apparel and Accessories, Food Marketing, Restaurant Marketing, General Merchandise, and Automotive. During the contests last year, Kim Tomlinson won first place in District competing in the Restaurant Marketing category. She also won third in State, and seventh in the National competition. Each year the DECA club has a Tom Watt sale where the members learn to be good salespersons. With the money they make, they invite guest speakers, hold banquets and luncheons.

The J.S.B. DECA Club has been the top club in the District for eight consecutive years. Mr. Grindstaff has done an excellent job with his club and we wish him and his club the best of luck in the future. We are proud of our DECA!

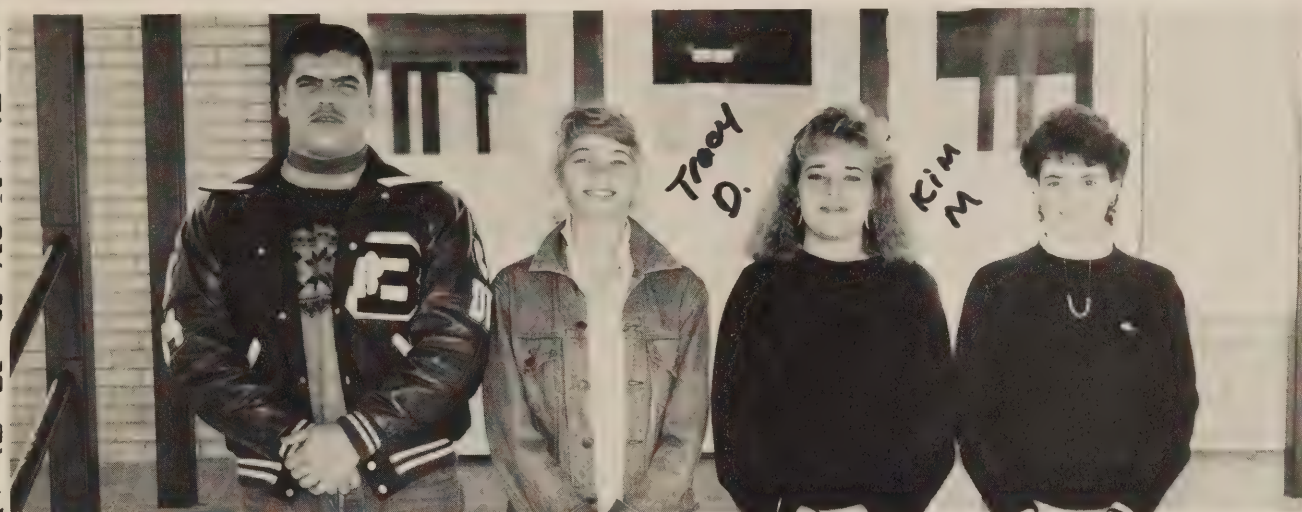

"DECA gives students the opportunity to work and attend school."

Bienvenue! Welcome! to the French Club at John Battle High School. In its second year of existence, the French Club is an enthusiastic and active organization comprised of thirty-five first, second, and third year French students and former students. The primary goal of the club is to provide an informal and relaxed atmosphere in which further language use and cultural awareness can be developed. Numerous activities, both social and educational, were scheduled by this year's club. They include a Christmas celebration where gifts are exchanged by all members and French Christmas carols are sung, as well as preparation for the foreign language competition which is held at E.T.S.U. in the spring. A special highlight this year was a fête/fiesta held in conjunction with the Spanish Club. Vive le français!

"The French Club always has exciting activities where everyone gets involved. It's not just another boring club."

What is one of the most active clubs at J.S.B.? There may be arguments, but to some the FBLA ranks at the top of the list. Last year their major project was fixing the Senior Court. They purchased new umbrellas, tables, benches, and flowers, all for the luxury of the Senior Class. During their club time, they were often lectured by business affiliated people who spoke on the subject of business and how to get started in the business world. One such speaker was Mrs. Oblinger from Bluefield College. She spoke on how to conduct yourself during an interview. The very active FBLA proves to be a great confidence booster for your teenagers who wish to get an early start in business.

"It is a major club in our state. The FBLA is very active and fun."

The John S. Battle Future Farmers of America has approximately eighty members a year. These students are enrolled in Agriculture and or Horticulture programs. Members can participate in various F.F.A. contests. The contests begin in the fall and are held monthly until April. Contests include Forestry Judging, Tractor Driving, F.F.A. Creed Speaking, Small Engine, Public Speaking, Degree Team, Livestock and Dairy Judging, and Crops and Soils. The federation winners compete at the F.F.A. State Convention at Blacksburg in June. The chapter also has fund raisers, raises tobacco, and sponsors a tractor pull. The highlight of the year is the banquet, where the participants and winners are recognized, in front of three to four hundred parents and guests, for their accomplishments throughout the school year. In addition to the awards, new officers are installed for the next club year.

"The F.F.A. is fun because you get to do alot of things that you will do later in life."

The Future Homemakers of America had an exciting agenda planned for the year. The entire F.H.A. year was based upon the theme, "Helping the Elderly." This was carried out during the Christmas season as the club visited a local rest home and sang Christmas carols. Some F.H.A. members began a lasting friendship with the residents of the home. Continuing through the 86-87 school year, the club was most active in such events as the International Dinner. The F.H.A. remains an active and productive club which assists in community as well as individual achievements.

The Library Club is designed mainly for the student aids who work in the library during their free periods. This club helps to teach the aids more about the contents of the library as well as to help the individual practice responsibility.

The Library Club's projects for the '86-'87 school year included a steakhouse dinner, buying materials needed for the library, visiting the hospital during Christmas, and generating extra fundraisers. Students who wish to join the Library Club are encouraged to become library aids next school year.

"This was my first year in the Library Club and I really enjoyed it."

The Key Club is a service organization devoted to serving both the school and the community. The members supervise the election of the Homecoming Queen and conduct the halftime ceremonies at the Homecoming Game. In December, the members participated in the American Lung Association's Christmas Tree Project at the Bristol Mall. They are also responsible for the school sign.

The Physics Club is in it's first year of existence at John S. Battle. It's membership is comprised of those students who are currently enrolled in the Physics course taught by Ms. Roark. The main purpose of the club is to raise money for Physics equipment and materials. Members began the fund-raising process by selling Trojan bumper-stickers. The Physics Club should be successful in the years ahead. Good luck to Ms. Roark and all of the club members.

"The club helps you to understand Physics better."

The Spanish Club was in its second year of existence. Its membership was comprised of forty second and third year Spanish Students. During the second semester, the club invited honorary first year students to join. The purpose of the club is to promote enthusiasm for the study of Spanish language and customs. The organization plans to enter participants in the foreign language competitions in the spring, purchase Spanish games, and set up a scholarship fund for a Spanish student to attend a summer language camp. The club also participated in the International Dinner at J.S.B.

During the fall, the Spanish and French Clubs united for an afternoon of friendly competition in playing bilingual bingo and chirades. The event ended with a food tasting party where club members sampled hispanic and French snacks.

"I have just seen how hard being a leader is. The Spanish Club is a great experience for anyone!"

The Science Club consisted of over fifty members. Some of these interested members were able to learn how to use the darkroom. To purchase equipment for this room, the club sponsored different fund raisers. This equipment included two computers, television monitors, a Nikon 35mm camera, and equipment to produce black and white film. The Science Club also helped to purchase a telescope for the astronomy students. At the Sigmas Zeta Science Contest at Clinch Valley College, one of the members, Parag Patel, won honorable mention in math. Both Mrs. Long and Ms. Roark agree that is a strong and outgoing club.

"The Science Club is a good place to start investigating the future."

The Alpha Tri-Hi-Y is a Christian service club whose purpose is to provide an opportunity for high school girls to socialize with one another and to serve their school and community.

Service projects this year included adopting a Santa Pal at Christmas, visiting an area nursing home and sending groceries to a needy family at Easter.

To raise money for these projects, the members had bake sales and doughnut sales.

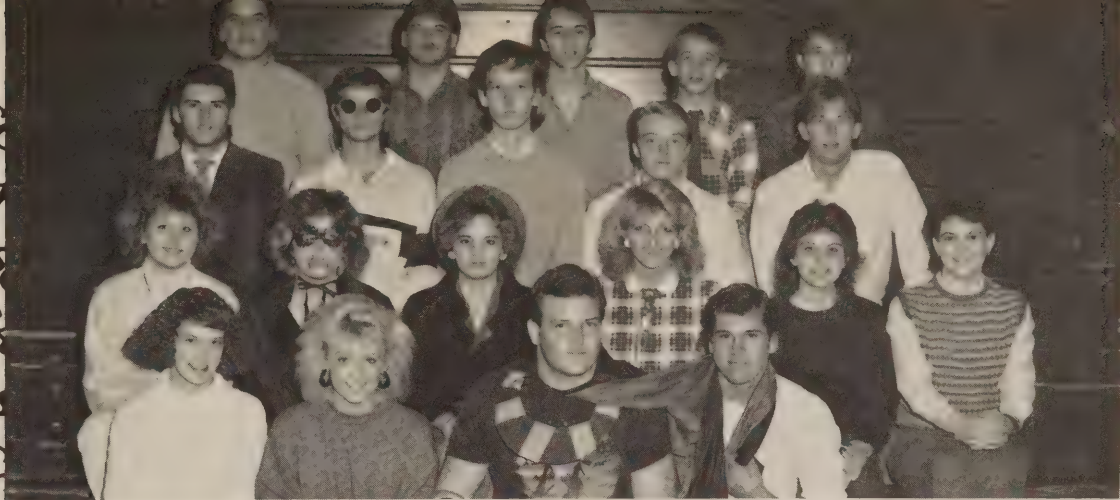

To top it off, they enjoyed parties at Pizza Hut or Western steer and, above all, had a good time.

"I enjoy the club because we get to help the less fortunate."

The Student Cooperative Association of John S. Battle (S.C.A.) has strived for involvement from the entire student body. Our S.C.A. has the opportunity to host the Virginia S.C.A. Southwest Regional Meeting in November, which proved to be a success. Bryan Mullins, president of the S.C.A., also served as Regional Representative. The S.C.A. was also responsible for the Homecoming activities (including the Greek Games) that brought a sense of unity to the school. The S.C.A. feels that the theme, "Involvement", has been extremely successful at John S. Battle High School.

"I think this year's S.C.A. has done an excellent job in fulfilling their duties. They had alot of great ideas to better our school."

AGRICULTURE

Agriculture and Horticulture are subjects dealing with the soil, animals, and plants. Agriculture Science and Mechanics I and II are devoted to developing the students' skills in such areas as welding, electricity, wood work, and livestock. Agriculture Production III and IV deal with the agricultural mechanization based on their areas of employment, plus other areas of plant, soil and animal studies. In Horticulture I-III, students receive instructions on growing crops and plants in the greenhouse, landscaping, managing a horticultural business, advertising, and selling. All of these courses help the students better their leadership qualities.

ART . . .

Everyone would like to be an artist, and here at Battle Mrs. Denton's aim is to help you become one. Beginning with Art I, the student becomes acquainted with art materials and techniques, but not necessarily the perfection of skills. Then in Art II, Students begin refining their talent. Finally in Art III, the students may begin to create their own style and work on perfecting skills. Mrs. Denton has worked patiently with these future artists and we thank her.

The 1986 marching season was a successful one for the Golden Band of Sound. The band participated in the North Stafford High School Invitational in Fredericksburg, Va. where they won best music, best marching, best general effect, best guard, best percussion, best drum major, best band in class AAA, and overall grand champions with a clean sweep of all awards. A week later the band participated in the Old Dominion Dixie Classic in Danville, Va. in open class competition where they won best music, best marching, best general effect, best guard, best drum major, and grand champion with an unprecedented score of 13 points above the second place band receiving a cash award of \$1,000 and beating four time grand national champions Rocky Mount High School. Next

the band participated in the Southeastern Band Festival in Class A where they won division 1 ratings in parade and field show, best music, best marching, best guard, best general effect, and best percussion. The following week the band competed in the James Madison University Contest of Champions where they won second place out of 39 bands, best music, second place percussion, and second place guard. Finally, the band won it's consecutive superior rating for both band and guard at the Virginia Band and Orchestra Directors Association State Marching Band Festival in Vinton, Va. We are all VERY proud of our Golden Band. Congratulations!

Mr. Scott Lambert

DIRECTOR

LET'S TALK BUSINESS

The Business Department at Battle offers students the chance to get an edge on the Business world. Beginning with Introduction to business this curriculum goes from Typewriting, Accounting, Shorthand, Office Technology I and II, and finally Word Processing. These courses are very beneficial to those students with a career interest in business as well as the students who are preparing themselves for everyday life. Mrs. French, Mrs. Duckworth, and the new teacher, Mrs. Harvey, present these classes with enthusiasm and we thank them for their hard work.

C. O. E.

Cooperative Office Education (commonly called Co-Op) gives senior business students an opportunity to gain work experience in a business office while still going to school. Students attend regular classes in the morning and work in an office in the afternoon. The purpose of this program is to prepare seniors for entry-level job positions upon their graduation from high school.

Front Row: Bronwyn Duckett, Misty Rust, Brenda Coomes, Jennifer Booher, Lisa Abel, and Pam Booher. Back Row: Sandy Williams, Tammy Taylor, Rhonda Brown, Marisa Murray, and Sheila Hill.

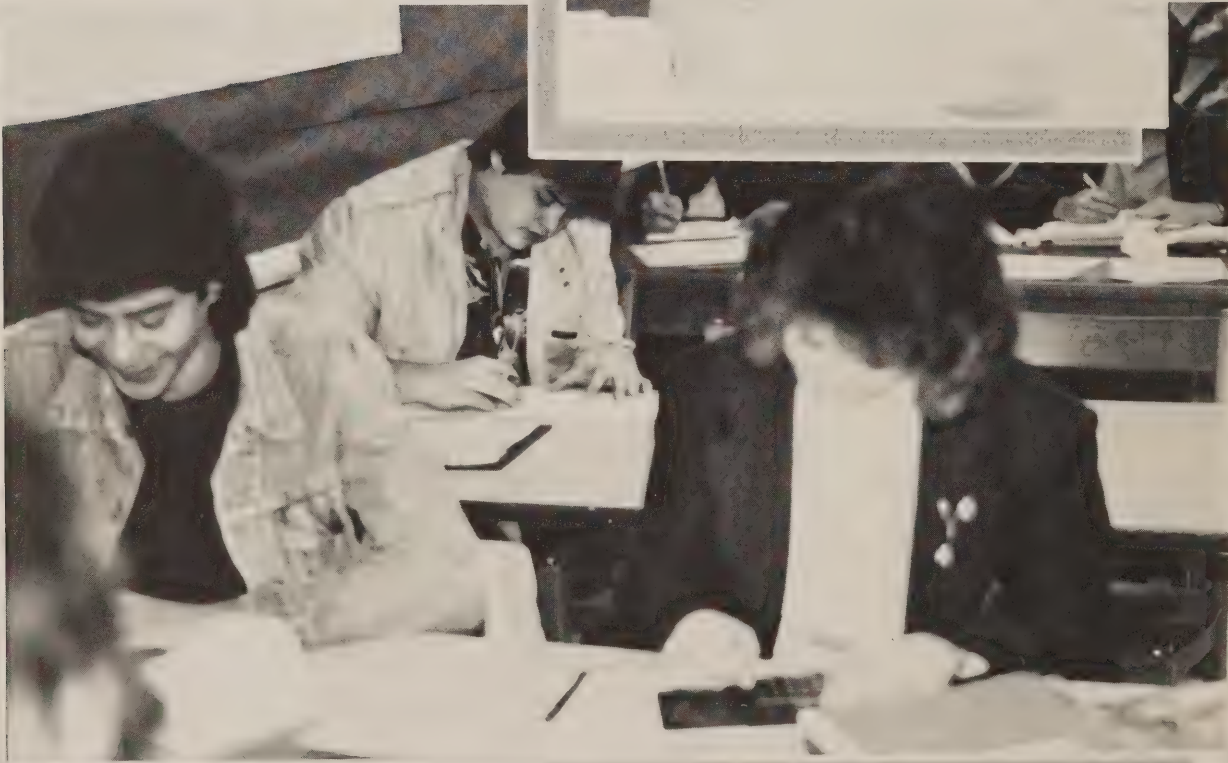

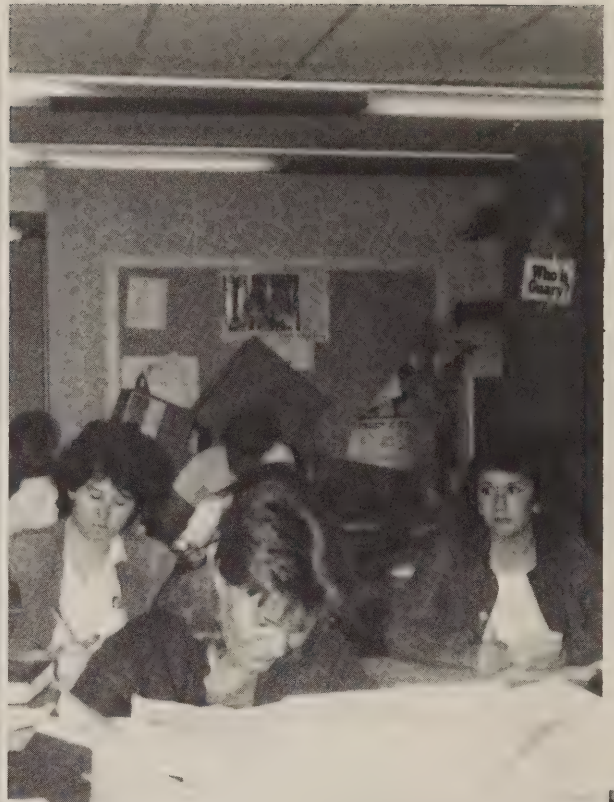

The computer classes at John Battle are filling up! The Introduction to Computers course is designed for students who will be entering college. Whether a career is chosen which involves computers directly or indirectly, this course will be very useful for the students' futures. A special thanks goes to Mr. Mashburn for making this program such a success.

COMPUTERS

John Battle offers students a three year program called Distributive education. The first year you learn the basis of business. The second year you participate in on-the-job training plus classroom studies. The third year works on developing job skill and on-the-job training. Mr. Grindstaff has done an excellent job of teaching our award winning D.E. classes.

DESTRIBUTIVE ED.

Every 8th grade student at John Battle must go through a series of classes known as Exploratory. These courses are each six weeks in length. Though the classes have changed during the years, the basic idea is to help the new students get a better knowledge of what classes are liked here at Battle. This year the cycle included these courses. A Guidance Segment, Keyboarding, Computer Literacy, Local History and Government, and Home Ec. A special thanks to all those teachers who put their time and effort into this program.

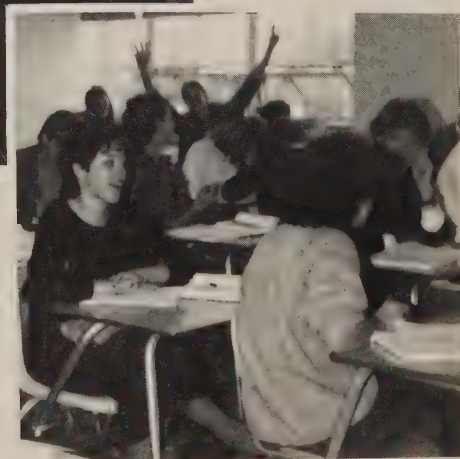

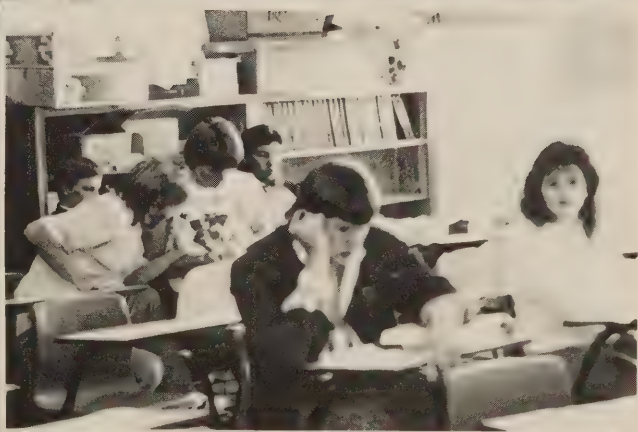

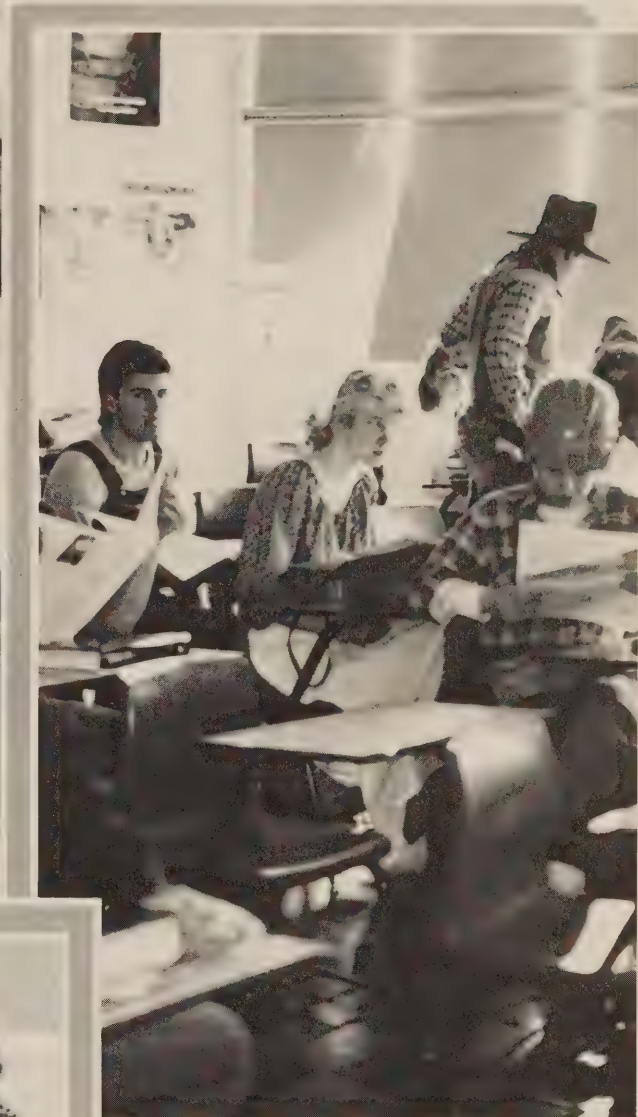

A TIME TO EXPLORE

A TIME FOR . . . GRAMMAR LITERATURE, ETC. . . .

The English Department at John Battle offers many different courses. Some new classes are: Creative Writing/Speech and Drama, and Journalism. The Journalism class is taught by Ms. Robinson. The class deals with learning about the techniques of journalism as well as working on the school newspaper. Creative Writing and Speech and Drama is taught by Mr. Phelps. The course deals with bettering ones ability to write and speak. There are also Honors English classes offered for those Juniors and seniors who are in the top of their class.

FRENCH

BONJOUR! COMMENT ALLEZ-VOUS? For those who do not recognize this, it is French. Mrs. Johnson has taught French I, II, and III for two years and has improved the French program greatly. She makes the classes fun while the student learns a new language. The classes perform skits and speak in class — sometimes getting a bit tongue-tied! Mrs. Johnson also adds in the history of the country and some geography — this benefits the overall education of the student. French is an interesting language which can be helpful when making that “dream” trip to Paris! AU REVOIR!

A THYME FOR HOME EC.

Where in this school can you learn to cook, clean, decorate, sew, plan parties, prepare for marriage, and parenthood? ... No where else than John Battle's own Home Economics Department. Here the students learn basic necessities for their future plans. Don't you want to be involved?

A T I M E F O R P. E.

The Physical Education Department here at Battle offers P.E. 8-10, and adaptive P.E. There are five qualified teachers: Coach Thayer, Coach Williams, Coach Garrett, Coach Mink, and Coach Pridemore. This program is highly diversified. Behind-the-wheel is also available for those students who are old enough to take the class.

L A T I N

One of the new classes offered at John Battle this year is Latin. This foreign language is taught by Mrs. Walters who is only here for two periods of the day. Latin is a language that not only helps to understand our language but to increase vocabulary. We welcome Mrs. Walters and encourage students to take advantage of this new course.

THERE IS NEVER ENOUGH TIME FOR . . .

The math department at John Battle remains outstanding. A group of very professional teachers continues to enhance our education in the field of mathematics. The courses available to the students are: Math 8, Math 9, Consumer Math, Pre-Algebra, Vocational Algebra I and II, Algebra I and II, Geometry, Analysis, and Calculus. In these, the teachers explain each section thoroughly. We thank them for their patience and their ability to somehow make the most difficult problem seem clear!

$$\cdot X + Y = Z$$

SCIENCE . . .

In a Science Laboratory there are continuous questions — there is no exception in the science classroom. John Battle's Science Department has the experienced teachers who can answer some of these questions. Science 8, Environmental Science, Science 9 — ESCP, Action Biology, Biology 10, Chemistry, Physics, and Advanced Biology are the courses offered. Through these, students have the opportunity to watch Carl Sagan, dissect frogs, and create new substances. Science is a fascinating area in which every student should have the chance to excel. The John Battle Science Department is invaluable in this learning process.

GOING THROUGH TIME

This year the Social Studies Department is offering two new classes. One is the Humanities class which is being taught by Mr. Smith. The other is a combination of two classes previously offered at John Battle, sociology and current history. This class is taught by Coach Crockett. The Social Studies Department lost Mr. Tallman and gained Mrs. French who is now teaching a section of Geography. This year the Social Studies Department is using more video materials from the Abingdon Resource Center to help the students.

SOCIAL STUDIES

Spanish is having alot of success in our school. This year, along with her own full schedule, Mrs. Jurs has the assistance of Mrs. Wolfe who teaches Spanish I classes. With different languages to choose from, students are open to a wide range of education. Spanish, like the other two languages offered, helps the student to get an inside look at what life is like in some other part of the world. A special thank you goes to Mrs. Jurs and the other language teachers for helping us in this aspect of our education.

ESPAÑOL

The William N. Neff Vocational Center provides the four Washington Co. Schools with vocational or technical training courses. There, J.S.B. students earn three credits by going to the Neff Center for half of the day and then to their regular school for the next half. Areas of study at the Neff Center include: Auto Body Repair, Auto Mechanics, Carpentry, Cosmetology, Drafting, Electricity, Electronics, Health Aid, Occupational Home Economics, Licensed Practical Nursing, Masonry, Offset Printing, Plumbing and Heating, Small Engine and Appliance Repair, and Welding.

Trojan's 'pound' on defense

The 1986 Football season ended with a record of four wins and six losses. The injured Trojan team began the season on a weak foot but as the season progressed, the injuries healed and our winning streak began. There are a number of seniors this year who will be missed tremendously. We thank them for giving us alot of action on Friday nights. And we wish the returning players safety and success as they begin a new season. A special thanks goes to Coach Crockett and his coaching staff who, once again made Trojan pride come alive.

The J.V. Boys' Football Team's overall record was one win and seven losses. When asked if he had a successful year, Coach Hall commented, "Even though the record doesn't show it, the J.V. Team had a very successful year. With the injuries and lack of experience, the team hung in there and made improvements throughout the year." Does the future for this team look successful? Coach Hall seems to think so, "With a lot of hard work in the off season next year should be very good."

The team takes a "Time-Out" during practice.

Third Row: Coach Moore, Glenn Booker, Brett Odum, Scott Sexton, Allen Hayworth, Marty Roe, Jonathan Phillipi, Tim White, Todd Leonard, and Coach Peltier.

The 1986 Eighth Grade Football Team had a very exciting season! Twenty dedicated young men composed this Trojan team whose final record stood at four wins and three losses. Coach Peltier and Coach Moore agree that the success of this year came from the total team effort which the players made. Recording big wins over Lebanon, Abingdon, and Patrick Henry proved that these fine players will provide our future Varsity Football Team with great action and alot of pride. Congratulations 8th grade team!

Front Row: Jake Stanley, Tony Clarke, Andy Bowman, Bobby Smith, and Coach Smith. Second Row: Ken Monyak, David Holden, Dean Yates, Eddie Lowe, Russell Jesse, and Brad Starkey. Third Row: Bryan Mullins, Doug Hayter, Mike Johnson, Chris Johnson, Leon Stanley, and Will Gahliger.

What a season for the J.S.B. Cross Country team! Expecting this to be an off-year, the young men proved differently. They kept the CC tradition alive by becoming Big Six Champions and placing tenth out of thirty-seven teams at the U.V.A. Invitational. With Brad Starkey leading the pack of Ken Monyak, Leon Stanley, Mike Johnson, and Richard Gibson, the Trojans paced to a district runner-up trophy. With a 78-26 win-loss record, Coach Smith and his Trojan runners experienced a very exciting season and we thank them for, once again, keeping our Cross Country action on top!

BOYS'

A TIME FOR RUNNING

GOLF IN '86

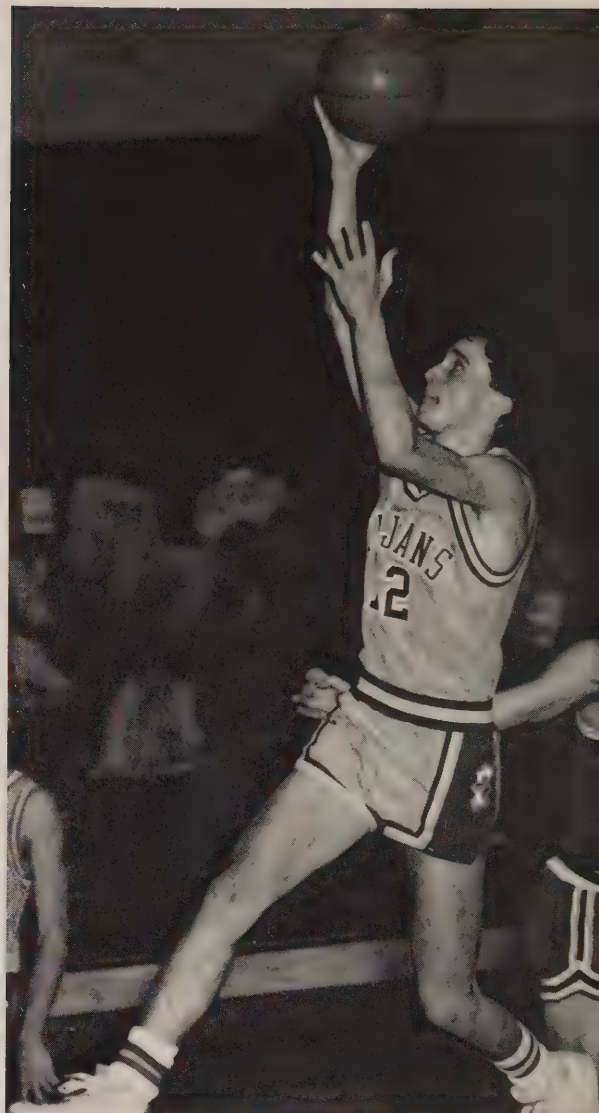

Although the 1986-87 Golfing Season was a trying one, the five man team showed constant determination and effort. These young Trojans worked hard for their Coach, Mr. Webb, who has made this his final year. Since 1971 Mr. Webb has coached young men and has brought happiness to all students. Thank you for THIRTY years, Coach Webb! You will be missed.

This year the mighty Trojan Varsity Basketball Team was led by Senior, Randy Frye and Junior, Todd Bowman. Their leadership helped to mold the team's various individual talents into a cohesive unit. We would like to thank the varsity team for their effort and determination throughout the 1986-87 season.

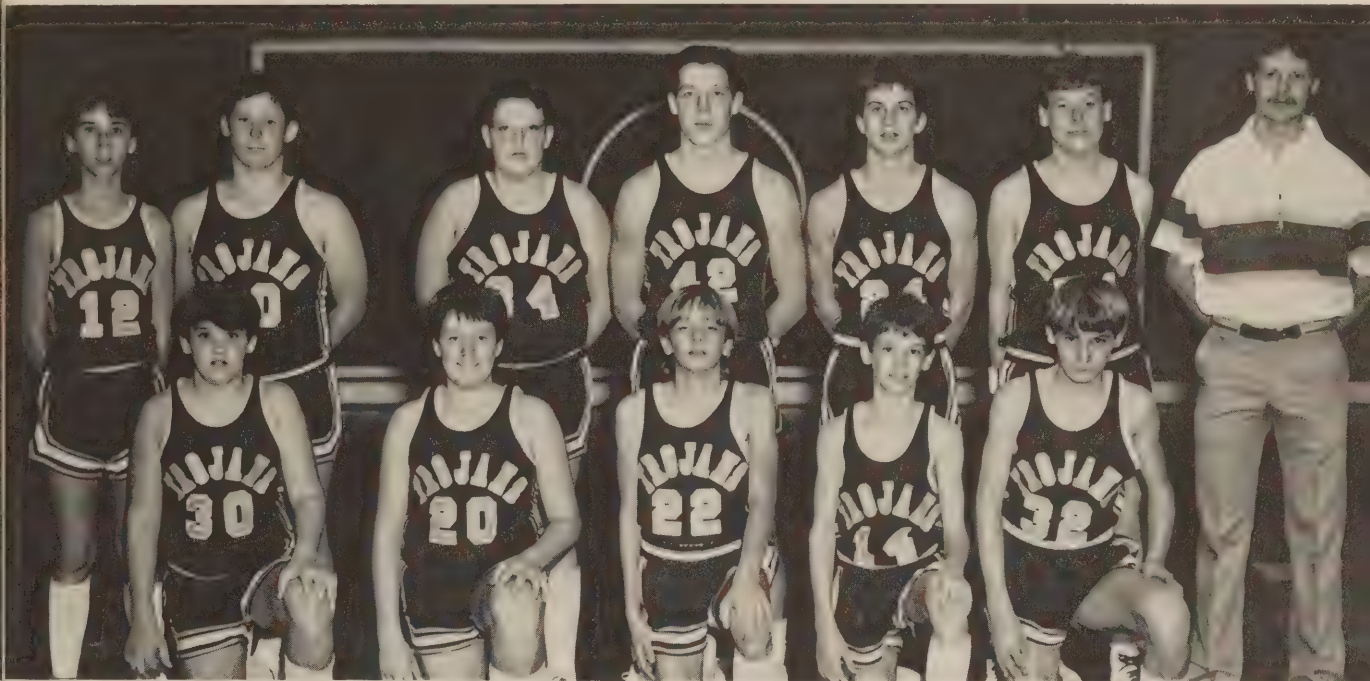

J V Front Row: Barry Puckett, Ken Price, Lance Lovins, Todd Miller, and Mike Leonard. Second Row: Freddie Ketron, David McNally, Scott Gorley, Will Galliher, and Joey Wright.

The 1986-87 Junior Varsity Team displayed pride and determination throughout the season. These boys will contribute greatly to our future varsity team. Coach Peltier commented "Our Junior Varsity Basketball players have gained valuable game experience this season." We look forward to watching them play next year.

WRESTLING

The Seniors for the 1986-87 Team are: John Center, Mark Nash, Mike Johnson, and Mark Cole. We will Miss You!

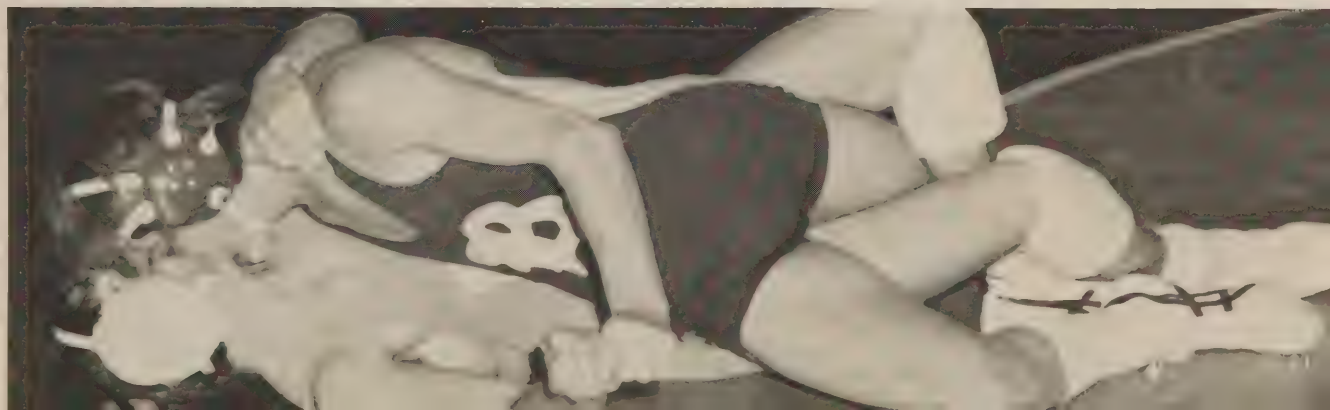

Hard work and determination enabled the Trojan Wrestling Team to complete the 1986-87 season by placing third in the district. Individual honors included Mike Johnson, Scotty Snapp, and Bryant Bowden, second place, Mark Nash, third place, Steve Owens and Shon Gray, fifth place in Regionals. Several wrestlers advanced to State. Coach Lester was honored as the "Coach of the Year" in the Highlands District. Way to go guys!

"We're not yet where we wanted to be by the end of the season ..." comments Mrs. Thayer, the coach of the girls' basketball team. "This year was played to prepare for next year since there are no seniors on the team." The game which stands out in Coach Thayer's mind is the Gate City ballgame. This game took the Lady Trojans into double overtime and even with four starters fouled out, they managed to keep the game very close. The Abingdon game was also a very exciting one

for the team. This victory they call "sweet". Mrs. Thayer goes on to say, "Before next season this team will be a special team for me, they will play some exciting basketball." The girls' record for the '86 season was five wins and five losses in the district and ten wins and nine losses overall. The future looks VERY bright indeed for this basketball team.

A TIME FOR GIRLS' CC

The 1986 Girls' Cross Country season had it's ups and downs. With the loss of Wendy Jessee, the two seniors, one junior, five sophomores, one freshman, and one eighth grader team compensated well. Through determination and a great amount of effort, the girls earned District Runners-up as well as third in the Region and fifth in the State. Tammy Smith, a sophomore, made the all-region and the all-state team. The members of this fine team were: Joy Necessary, Patricia Countiss, Kelly Little, Tammy Smith, Debra Davis, Amy Dollinger, Missy Dixon, Stephanie Sutherland, Kim McReynolds, and Billie Sue Robinson. Congratulations girls for an excellent year. We're proud of you!

Coach Webb has worked diligently with our athletic department and also very *bravely* with our Drivers Education Students. Thanks Coach!

Mrs. Edmondson attended James Madison University. She did her graduate work at VPI and S.U. She majored in Secondary Education with a concentration in Social Studies. Her best subjects were History, Government and Biology. Her worst was Math. She would have liked to be a travel agent, naturalist, or a writer for *National Geographic* magazine.

Mrs. Sisk is the school accountant and secretary. Without her, we'd be in debt! Thank you Mrs. Sisk

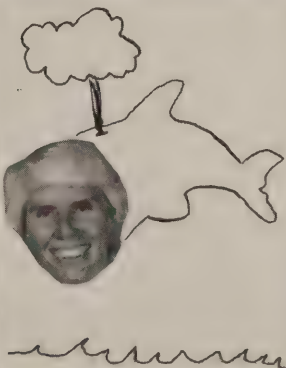

Ms. Talley has been a very important part of our library department for many years. She has contributed greatly to John S. Battle.

Mr. Gene Grindstaff graduated from Lynchburg College with a B.A. From U.V.A. he received his M.E. His favorite subject in school was Biology. If he had not chosen to be a teacher, he would have liked to have been a marine biologist. Mr. Grindstaff's favorite saying was, "Don't get too excited."

FACULTY . . .

Mrs. Thayer has worked very patiently with drivers education and teaching P.E. She coaches the Varsity Girls' Basketball team as well as the girls' eighth grade team. Thank you Coach Thayer for your dedication.

... AND STAFF

Mr. B.H. Wright went to Clinch Valley College, East Tennessee State University, Northwest Missouri State University, University of Northern Colorado. He majored in Political Science, History, Guidance, and Counseling. If he had not been a teacher, he would have been a travel agent.

Mrs. Berkley went to Concord University, she majored in Mathematics, of course. Her favorite subject was French and her worst was History. She would liked to have been a counselor or a social worker.

Mr. Garrett teaches P.E. 8 and 10. He also teacher Driver's Ed. He coaches football and basketball.

Mrs. Grindstaff attended Radford and major in History. She then went to ETSU where she majored in reading. Her best subject was History, and her worst was Chemsitry!! If not a teacher, she would have gone into nursing.

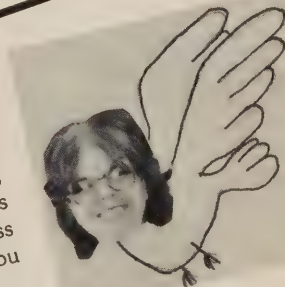

Mr. McCroskey teaches Horticulture I, II, and III, and IV. His extra duties are working with the F.F.A.

Jan Martin attended ETSU and majored in Home Economics. Her favorite subjects were Home Ec. and Psychology. Her worst subject was History.

Mrs. Parker teaches Algebra II, Analysis, and Calculus. She is also the junior class sponsor. Thank-you Mrs. Parker!

Mr. Slavick teaches Agriculture I-IV. He also helps with the F.F.A.

Mr. Pridemore teaches P.E. 8 and Driver's Ed. "Pride", graduated from E.T.S.U. with a major in Physical Education. He sponsored the S.A.D.D., B-Club, and he also coaches football and baseball. He would have chosen professional baseball as a career had he not become a teacher.

Mrs. Fanis teaches Earth Science 9 Cp. She also coaches Girls' J.V. Basketball and Volleyball.

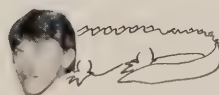

Mr. Ralph Booher graduated from Union College, V.P.I., and East Tennessee State University. His major was History in which he has both a M.A. and a B.S. His best subject was History because of his professor. His worst subject was Organic Chemistry. He took General Chemistry for two years and decided to take Organic Chemistry and found that big trouble. (Can you help him Mrs. Long?) Mr. Booher would have been in law if he had not become a teacher.

Mrs. Walters teaches Latin I. Welcome to Battle Mrs. Walters.

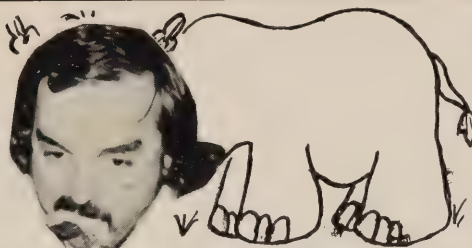

Mr. Wilson teaches Trades I and II.

Coach Hall graduated from Emroy and Henry with a

major in History. His best subject was History and his worst was math. He said he would have been a clerk for the railroad because of the higher tax

bracket. His favorite expression in school was "Hang in there!"

Coach Smith received a B.S. in History at Appalachian State University, and a M.A. in Social Studies and Education at Va. Tech. His best subject was history and philosophy, but his worst was math. Where's that analytical mind? Wildlife Management would be his second profession. When he told someone to relax, it was phrased as "cool your jets." He claims he had too many funny moments to distinguish only one.

Mrs. Johnson attended both Lake Forest College and Washington University, receiving a B.A. and M.A. in French and minoring in Spanish. She was a stewardess and loved it, but a career as a travel agent sparks her interest. In her high school years, she broke her arm while playing football, which she did not think was particularly funny at the time.

Ms. Kennedy graduated from Concord College with a double major in Speech/Drama and Library Science. Her worst subject was math and her best were drama and acting classes. She is a natural born actress! She would have chosen acting as a career if she had not become a librarian.

Mrs. Denton attended Radford College and received a B.S. and M.S. in Art and Science. Her best subject were art, math, and P.E.; but when it came to swimming, she kept her feet on the ground! She knew from the start that she wanted to be a teacher. In high school she told everyone to "sit on it!" and was elected class clown as a senior superlative.

Mr. Stokes seemed to have "racked-up" on college attendance by receiving a major in History and English. He attended King College, U.V.A., U.T., and E.T.S.U. If he had not become a teacher, Mr. Stokes would have served in the military or worked as an engineer. He likes history, but is not too enthused by education courses.

Mr. John Peltier graduated from King College. He majored in math. His worst subject was German. Mr. Peltier said that if he had not chosen teaching for a career, he might have been an engineer.

Miss Cuddy attended Emory and Henry College where she majored in English. Her worst subject was math. If she had not become a teacher, she would have concentrated on a business career.

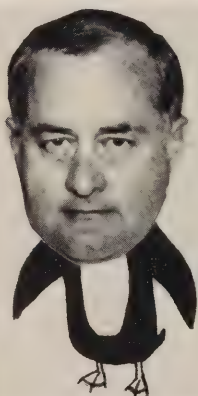

Mr. Moore graduated from ETSU and majored in Biology. Can we guess what his best subject was? Of Course, Science! If not a teacher, Mr. Moore feels he could pursue a career with the U.S. Department of Interior as a field Biologist. In high school, everything was catagorized as "Far Out!", "Really neat!", and "Right on!". As a junior in high school, he and several friends performed an unannounced "Air Raid Drill" in the middle of Mr. Stoke's English Class.

Betty Puckett graduated from Radford College with a B.S. in mathematics. Then

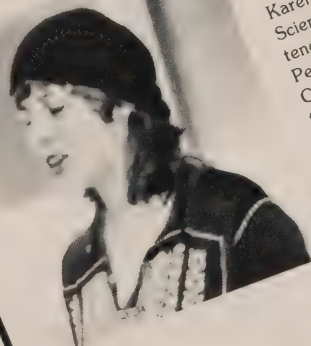

she continued her studies at The Unviuersity of South Carolina where she received a Masters in mathematics also. Ms. Puckett's best subject was math because she loved to work with figures. But her worst subject was swimming because they would not allow glasses in the pool! She would have been an accountant had she not chosen teaching. Ms. Puckett's favorite saying while she was in school was, "Are you serious??"

Coach David Crockett attended the College of Wiliam and Mary where he majored in history, his best subject. " $1 + 2 = 5$ " seemed to be his worst area in school. While in high school, Coach Crockett found his popular expression to be "Well I'll be a dirty bird!" For A really funny moment Coach Crockett states, "An assistant coach of mine was involved in the serious inductions of the S.C.A. His chair fell off the high rise and took two students with him. You had to be there!"

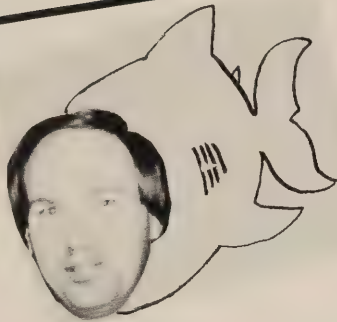

Mrs. Snodgrass attended Radford College and majored in Home Economics Education. Her best subjects were food and nutrition, but she found her weakness to be in philosophy and psychology. If not a teacher, she would have chosen food service as a career. Her favorite expression was "That's Cool!" She finished high school in the "hippie" and "flower child" era. Her parents would not claim her at basketball games since she was such a poor player — help Coach Thayer!

Karen Bennett majored in Science and French. She attended Allegheny College of Pennsylvania and Middlebury College of VA. She despised trigonometry but loved Political Science and French. Her favorite H.S. expression was "He/She's really 'Tuff!'"

Mrs. Long attended ETSU. Her major was molecular Biology and her minor was chemistry. Her favorite classes were Chemistry, Biology, and English. Her Economics teacher put her to sleep. If she had not become a teacher she would have chosen to be a pharmacist or a Medical Technologist.

Mr. Fleenor graduated from King College with a major in mathematics. If he had not chosen to be a teacher, he would have chosen psychology or law. He found these two subjects interesting.

Marsha Harvey graduated from the University of Arkansas with a B.S. degree in Business Education. Then she received her M.S. degree in education at Southern Baptist Theological seminary. Her best subject was Typing and Shorthand because she felt they came easy to her. Her worst subject was History because she could not relate to it. If she had not chosen teaching, she would have chosen to be a social worker. Her favorite saying was "Rough Luck."

Mr. Bill Lester graduated from Va. Tech with a B.S. in business. Then he completed the requirements for education and English at Emory and Henry College. His best subjects were history and English because literature comes from the imagination and he likes to use his. His worst subject was science, because he does not like facts and figures. Mr. Lester says he would have been a carpenter if he had not chosen teaching as a career. The funniest moment he can remember was when a student wrote about George Washington and said he had been killed and badly injured many times.

Ms. Roark graduated from Appalachian St. University with a major in Geology. She would have enjoyed being a professional geologist. Her favorite subject was paleontology. Ms. Roark found and she still does find this very fascinating. She did not like literature because she hated being told how to interpret something. Her favorite expressions in school were "I don't care" and "So What?". She could find no experience that she could legally relate.

Patricia Nester graduated from Bluefield State University with a B.S. in Elementary Education, and from the University of Georgia with a master's in Special Education. Her favorite subjects were art and psychology. Her worst was math. If she had not become a teacher, she would like to have been an interior decorator or a fashion designer. In high school her favorite expression was "The honest Truth."

Mr. Mashburn graduated from East Tennessee State University. He majored in math. His best subject was math because he loves to work math problems. Mr. Mashburn's worst subject was the history of art. If he had not decided to become a teacher, he would have been a carpenter. His favorite expression in school was "School will be dismissed early!"

Coach Tallman is the Junior Varsity Football Coach. He has been a great coach. Way to go Coach Tallman!

Mr. Phelps graduated from E.T.S.U. with a B.S. in English and a M.A. in Supervision of Instruction. His best subjects in school were speech and English, but his worst was Geography. He would have been a veterinarian if not a teacher. His favorite sentence in school was, "Hamburger, French Fries, and a Coke, please."

A SPECIAL THANKS TO THE FACULTY

Judy Smith graduated from Berea College with a B.S. in Business Administration. She then continued her education at Eastern Kentucky University with a M.A. in Education and Special Education. She received her post graduate degree at U.V.A. where she majored in Administration and Supervision. Her best subject was math, because it was challenging and she loved it.

Mrs. Williams graduated from Emory and Henry College with a major in Physical Education. Her best subjects were Spanish and English, because they were easy. She found Sines and Cosines in her nightmares. If not a teacher, Mrs. Williams would definitely have been a farmer. When something interested her in high school she said "That's Neat."

Mrs. Penny Bruce graduated from Virginia Intermont College with an A.A. degree, and from the University of Tennessee with a B.S. degree. Her favorite subject was English and her worst was a course entitled "History of the Old South." She would like to have been a Student Activities Director at a small girls' college. Mrs. Bruce's favorite saying was "Oh Brother!"

Mrs. Jurs graduated from Furman University in Greenville, S.C. She has both a B.A. and a M.A. in Spanish. Her best subject was Spanish and other courses in humanities. Her worst subject was math. One of her funniest moments came when she was teaching a vocabulary lesson which dealt with the topic of animals. Mrs. Jurs began acting out these animals not knowing that outside of her door stood a gentleman from the television station waiting to set up an interview with her.

Ms. Gail Robinson graduated from East Tennessee State University with a B.S. in English. Her best subjects were the humanities, because she had great teachers. But her worst was math. She would rather not say why. For her alternate profession, she would choose witchcraft or art. One of her favorite expressions was "I don't believe!"

Coach Mink has contributed many years to our athletic department. He has developed numerous successful athletes. Great job coach!

Janet Derting graduated from Berea College, Emory and Henry College, and Radford University with a B.S. in Biology, her major, and a masters degree, another major. She said her best subjects were biology, math, and English. Her worst was P.E. because she was gauky and uncoordinated. Mrs. Derting thought she wanted to be a lab technician because of lab work. When she found out they were experts who positioned needles in patients for administering IV's and drawing blood, she lost all enthusiasm.

Mrs. French has been an asset to our business department. We thank you!

Mr. Stanley graduated from E.T.S.U. with a B.S. in History and a M.S. in Guidance and Counseling. His alternate profession would be a building contractor.

Mrs. Baldree is a new teacher at Battle. She teaches Algebra and Science. Welcome to Battle!

Mrs. Neese has been VERY helpful "taking care" of our study hall students. We really appreciate you!

Fifteen dedicated class members compile the staff of the Trojan Voice. Each member was responsible for conducting several interviews, researching, and "digging" out information. This young group of journalistic hopefuls, under the guidance of Ms. Gail Robinson, supplied the school with a variety of information concerning the student and the school. In addition to publishing the paper, the class worked out of a Journalism textbook and also studied different styles of writing. The new Journalism class should be classified as a tremendous success. Congratulations to the Trojan Voice staff for a job very well done.

A TIME FOR NEWS

WHAT A TIME

HOMECOMING '86

Homecoming '86 was full of spirit this year. The days were filled with activities and the nights were filled with excitement. Everyone could feel the enthusiasm as the Homecoming Week wore on. A special congratulations to the seniors for having the best decorations in the hall!

Our homecoming representatives were: eighth grader Wendy Keene, escorted by Mark Venable; ninth grader Tina Leonard and her escort Terry Miles; tenth grade was Lisa Quina, arm-in-arm with Todd Bowman; the eleventh grade consisted of Kathy Millard and escort Jody Gobble; Eugenia Griffith, escorted by Tommy Akers; and the second-place winner — Tracey Dalton, escorted by Brad Starkey. The twelfth grade representatives were: Martha Colston, arm-in-arm with Mike Johnson; Rhonda Gill, escorted by Dennis Cumbow; Joy Necessary with Bryan Mullins; Debbie Ramirez, whose escort was Drew Quina; first Runner-up Jennifer Booher was escorted by Randy Frye; and last but not least, the Homecoming Queen, Amy Wright, was escorted by Dion Wiles. Congratulations girls for a job well done! Everyone will agree that the '86 Homecoming was a BIG Success!

THE 1986 MISS J.S.B. PAGEANT

Congratulations Heather Hall — Miss J.S.B. 1986

Miss J.S.B.: Sandy Malone, Second Runner-up; Jennifer Booher, First Runner-up; The Winner, Heather Hall; Eugenia Griffith, Third Runner-up; and Veronica Ontko, Fourth Runner-up.

PROM '86

**A NIGHT IN
HEAVEN
OUR TIME IN
HEAVEN**

The 1986 John S. Battle High School Prom was a memorable event. Held at the prestigious Martha Washington Inn, the dance took place in the same ballroom that was used hundreds of years ago.

Music selections varied in both tempo and type. The band played songs ranging from "Rocky Top" to the Prom theme "Heaven" by Brian Adams.

All proms are special and this was no exception. This evening will provide lasting memories for all members of the class of 1986 throughout the years to come.
